2007	Furthering our journey through forward integration, we launched a new segment focused on customised furniture and imported wood—designed to meet our clients' desires.
2012	Set up two additional timber factories, increasing total production to 650 CFT/day.
2016	Entered the plastic and ready furniture segment by becoming the distributor of Nilkamal Furniture—India's favourite furniture brand—for Central Gujarat.
2020	Launched our own ready furniture production line under the brand name HK Furniture.
